HOMEOWNERS BOAT STATUS

The docks are in and the boats and lifts are being put in now. Bob's Marine Service has informed that the lake is up and many of your lifts are extended as high as they can go. He has shortened the dock by 16' from last year. It may seem strange and look funny at first, but as the lake goes down over the summer your lifts should be positioned properly.

Be sure to follow the electrical guidelines when installing your electrical hookups. If you haven't sent in your signed document about your hookup, please get in touch with Dave and he will get you one. His email address is bellharb@netins.net

BOARD MEMBERS

We have 3 members going off the Board of Directors this year. One from the east section, one from the condos, and one from the west section. These openings will start after the July annual meeting. If you are interested in running could you please submit a short biography, and why you would like to be a Board Member to Dave.

HISTORY OF THE CAMP

If you have any historic items, pictures or stories from the Camp that you would like to share please contact Dave. Anyone who may have started a history document about our camp is encouraged to send that along so others may enjoy reading of the old Methodist Camp and Bell Harbor.

FROM THE MANAGER

The weather is finally starting to feel like spring with some teases of summer. The lake is up which is a good way to start the year.

The trees are becoming an issue. Many of them are starting to split and /or becoming hollow. We urge you to take a close look at your trees and see what kind of condition they are in. If you need a name of a tree service let Dave know.

There are plans for a Volleyball tournament here over the 4th of July for Bell Harbor members. Watch for more details and start getting your team ready.

NEXT BOARD MEETING:

The next regularly scheduled board meeting is May 24, at 8:00 am-10:00 at the office.
